## Materials:

Flannel fabric  
thread  
sewing machine  
scissors  
pins  
cord

## Directions:

1. Cut fabric to desired size for bag.
2. From point A to B fold fabric in towards the middle, pin, then sew on all four corners
3. Fold A to B on all four corners and pin in place
4. Sew from C to E and D to F on both ends
5. Fold fabric in half so Cs and Ds are together and Es and Fs are together and the raw edge from the sewing in #4 is outside. This makes the correct side of the bag inside
6. Sew from G to H on both sides
7. Turn inside out
8. Bag is finished except for threading the cording through the sewn channel CD and EF
